New Zealand By Campervan

There's more to it than just booking a flight and a campervan and driving off into the sunset. We can help you with the right van for your needs (as there are lots of rental companies with a vast array of deals and small print!) Researching RV parks and getting them to fit in with your trip is not always easy. Whilst the law allows you to stop anywhere on either island, remember you will need a power source for air con & cooking, therefore we pre book all your RV parks /ferry crossing and mileage. Just tell us your preferred date to allow us to search for the best fare to create a complete package.

20 nights from £1,475.00 per person (2 Sharing)
Just add your choice of flight!

What makes Chaka unique?

At strategic points in the journey we include a couple of nights in an apartment or tourist cabin, giving time to get out of the motor home, catch up on the laundry and have a little time out from your travelling companions, before hitting the road again refreshed and ready to explore. Make it easy and use us for our expertise to give you the trip you want without all the hassles and problems.
