Golf Tournament

This spectacular 18-hole golf course designed by the South African architect Peter Matkovitch, is built on more than 100 acres of land, amidst an exceptional natural environment between the mountains and the sea. Green fees are included in the All Inclusive package, buggies are optional and cost approx. £30 per person. We have played this course many times since it opened and it is absolutely superb.

Accommodation

The deluxe rooms (50 sq m) are decorated with elegant and contemporary furniture, highlighted with a touch of African fabrics and decorative objects.
