

Sun City – A Golfer's Paradise

The competitor's field for the 2011 Nedbank Sun City Challenge has just been revealed and it reads as follows - Luke Donald (England), Lee Westwood (England), Martin Kaymer (Germany), Charl Schwartzel (South Africa), Graeme McDowell (Northern Ireland), Kim Kyung-Tae (South Korea), Robert Karlsson (Sweden), Simon Dyson (England), Thomas Bjørn (Denmark), Anders Hansen (Denmark), Jason Dufner (United States), Darren Clarke (Northern Ireland). It is taking place at the Gary Player Course, Sun City, South Africa. 12 players will battle it out for the \$5 million prize fund and of course the winner takes home \$1.25 million all to themselves. With the current number one player in the world and the latest major winner in the line-up we will be in for a great tournament in a spectacular setting.

The Gary Player Country Club is acknowledged as a difficult and demanding course. Since 1981 it has been home to the Nedbank Golf Challenge. The course requires stamina and accuracy from players.

Off the back markers the course measures over 7 000 metres which makes it one of the longest in the world. But a variety of tees make it possible to shorten the course and render playable for all levels of golfers. A distinguishing feature of the course is its green's complexes, with strategically placed bunkers, swales and mounds that protect the super slick clover shaped greens. With pristine perfect kikuyu fairways and excellent bent grass greens the course is kept in perfect condition all year round.

You may not be able to compete in the Nedbank Sun City Challenge but you can certainly follow in the footsteps of the competitors and www.golfholidaysinsouthafrica.com can make it all happen for you. We can tailor make a package for you including Sun City so please have a look at our offers in this Newsletter or contact us if you would like us to build you a bespoke package based on your own requirements.
